Innovative Product Developer and IT Student passionate about business growth. Skilled in developing user-focused products, with hands-on experience in software development and project management. Excellent communicator and quick learner, committed to driving growth through creative problem-solving and strategic planning.

## WORK EXPERIENCE

### Product Developer

Jun 2022 - Present

Creavite.co, Oslo, Norway

- Designed and developed **AI-driven tools** for creating **premium animated graphics**.
- Collaborated with cross-functional teams to enhance **product features and user experience**.
- Conducted research and integrated cutting-edge **AI technologies** to maintain product competitiveness.
- Troubleshoot and resolved issues to ensure **high performance and reliability of the tools**.

### Development Manager

Jun 2024 - Sep 2024

Next Gen Growth Partner, Coastal Hwy Lewes, USA

- Developed and implemented **roadmaps to organize project workflows**, ensuring seamless coordination between the development and marketing teams.
- Played a key role in promoting **NextGenCalls.com**, an AI-driven telecommunications tool **funded by Greek companies**, designed to **automate and personalize business communication through calls**.
- Led efforts to introduce and advertise NextGenCalls.com to the Greek market, leveraging local industry insights to enhance product **visibility and adoption**.

### Sales

Jun 2023 - Sep 2024

Alfa-Beta Vassilopoulos, Athens, Greece

- Executed **sales strategies**, and **managed** the Greengrocery section of the store due to staff shortages.
- Supported **in-store events** and **promotional activities**, particularly focused on **boosting sales** of seasonal products.
- Handled **inventory management**, **restocking shelves**, and maintaining **product displays** at 6 sections of the store.

## EDUCATION AND QUALIFICATIONS

### BSc Informatics & Telecommunications

Oct 2022 - Sep 2026

University of Peloponnese, Tripoli, Greece

- Acquired comprehensive knowledge in **Informatics and Telecommunications**, including **network systems**, **software development**, and **data communication**.
- Developed practical skills through **hands-on projects**, **research assignments**, and **internships** related to network management and software engineering.
- Gained expertise in **system analysis**, **IT infrastructure**, and **emerging technologies**, preparing for advanced roles in technology and telecommunications.

### High School Diploma

Sep 2019 - Jun 2022

1st General High School, Nea Ionia, Athens

- Completed coursework in **Information Technology** and **Economics**, covering subjects such as programming theory, economic theory, and business principles.

# CERTIFICATIONS

## Business Intelligence & Data Analytics

Oct 2023 - Jun 2024

Code.Hub, Sponsored by Pfizer

- Acquired in-depth knowledge in **Business Intelligence (BI)**, including data analysis, visualization, and reporting techniques.
- Gained hands-on experience with **MySQL**, covering database design, querying, and optimization.
- Applied skills in real-life case studies through a comprehensive final team project and a 1-day hackathon.

## Strategic Business Planning

2023

University of Peloponnese

- Developed expertise in **Strategic Business Planning**, including market analysis, long-term strategy formulation, and competitive positioning.
- Enhanced skills in **decision-making** processes, utilizing data-driven approaches and risk assessment techniques.

## Apps Development Proficiency

2021

Discord

- **Developed and Managed** 19 Discord apps, with 4 ranking in the top 50; key features from my projects were integrated into Discord.
- **Received Early Certified Bot Developer Badge** and certification from Discord on June 21, 2020, for contributions and adherence to the Discord ecosystem.
- **Collaborated with Discord Developers** to ensure compliance and enhance bot functionality; contributed to feature development adopted by Discord.

## GitHub Proficiency

2024

LinkedIn

- Developed advanced skills in **version control and collaboration** using GitHub, including repository management, branching, and pull requests.
  - Implemented best practices for **code review, issue tracking,** and project management within GitHub.
- Gained practical experience through real-world projects and collaborative development environments.

## Career Essentials in Generative AI

2024

Microsoft

- Gained comprehensive knowledge in **Generative AI**, including key concepts, applications, and emerging trends.
- Enhanced understanding of the **impact of generative AI** on various industries and career opportunities.

---

# PROJECTS AND PORTFOLIO

Developed and managed a diverse portfolio of projects, including **websites and applications**, demonstrating a broad spectrum of **technical skills and innovative solutions**. My work includes a suite of **Discord bots**, numerous **educational platforms**, and custom **application tools**, reflecting expertise in **software development, project management, and user engagement**. Explore detailed examples of my projects on my LinkedIn: <https://www.linkedin.com/in/pantsitinis/>
